

Breach bail
conditions

Breach bail conditions

- If you do not follow your bail conditions or if you are charged with any offences when you are on bail, you will make more trouble for yourself.
- The magistrate might:
 - stop your bail
 - make you stay in jail/youth detention (juvie) until you go to court
 - find you guilty of another offence and give you another punishment.
- If you cannot follow your bail conditions because of a cultural or other reason, talk to your lawyer.
- If you are not sure about your bail conditions, talk to your lawyer.
